

## PSANM Statement

Colleagues:

Patient Safety Advocates of New Mexico (PSANM) is a New Mexico state political action committee dedicated to the support of physician led anesthesia care and overall patient safety. PSANM is pleased to announce the seating of a new Board of Directors. The PAC Board met to discuss a strategy and agreed on the disbursement of financial support to candidates for state office who share our goals this primary season. We agreed upon a strategy which we are now executing. Your past contributions are at work to make our voice heard in Santa Fe!

The new directors are:

Chair: David Siegel, M.D. (UNM)

Vice-Chair: Cameron Burrup, M.D (AANM)

Treasurer: Neils Chapman, M.D. (UNM)

At large members:

Adrian Roybal, C-AA (UNM-AA)

David Leachman, M.D. (Las Cruces Memorial)

The entire legislature is up for election this year---every senate and house seat. A long session will follow in January, with the probable introduction of legislation that will further threaten our profession and the patients we serve. So we need you to step up now and support PSANM, so that we can make further contributions during the general election season this year.

Contributions can be made on line at [safepatientsnm.org](http://safepatientsnm.org) It is quick and easy

We are also looking for board members from anesthesia groups and geographical regions not represented above. Our goal is to have at least one board member form each group/region represented. Contact the NMSA administrator Lauren Hyde: [administrator@nmsahq.org](mailto:administrator@nmsahq.org) for further details.
